FEARLESS
FRED'S
Big London Adventure

Written & illustrated by

My name is Fred. I'm called Little Fred as I am just a puppy, six months old.

I am a Border Terrier, my coat is brownish and I have lots of bushy whiskers round my nose and eyes.

Food gets in my whiskers when I eat but I can clean them with my paws.

Our house is tall with lots of stairs.

We have a green front door with red flowers in pots.

I look at people going by but I don't bark them. It might scare them

We are very careful when we go out as our road is very busy.

I have lots of toys to stop me being lonely when my family go out

I like bear and mouse but best is my big bone.

Alfie and Isla are my brother and sister who are kind and play with me.

They take me for walks in the park so that I can run and meet my friends.

I must tell you about my exciting adventure.

My family went out to the shops and I had to stay at home.
I had a sleep then I played with my toys, mouse and bear.

I chewed my bone then I felt very bored.

I looked round the kitchen. I found a ball of string. It seemed to get in a muddle so I left it alone.

Then I saw something which made my eyes open wide
